

〈How to upload a letter of recommendation〉

To applicants:

1. First, contact your supervisor to request a letter of recommendation well in advance, and notify your supervisor of an E-mail they will receive from the T-cens system (ensure it does not go to their junk mail folder).
2. Once they have agreed, send them the “Suggested Format” and suggestions for the recommender (the following page 2 and 3) and register your supervisor on T-cens, then click on “SEND to Referee 1”.
This program requires only one recommendation letter, so applicants may leave “Referee 2” blank.
3. A request E-mail will be sent to your supervisor automatically through the T-cens system.
4. Once your supervisor has finished uploading your letter of recommendation, you will receive an E-mail that says “Letter of Recommendation has been uploaded.”

Note:

- ※ In the T-cens system, “supervisor” is indicated with the word “referee.”
- ※ Due date and time : (ESEP-G and ESEP-INDIA)
By 15:00 January 7, 2022 (Japan time)
- ※ Make sure your supervisor is able to receive E-mails from the domain “@t-cens.iapply.t.u-tokyo.ac.jp ” to avoid the request E-mail going to your supervisor’s junk mail folder.
- ※ If your supervisor does not receive the E-mail from T-cens system or is not able to upload your letter of recommendation, please contact seutpro.t@gs.mail.u-tokyo.ac.jp before the due date.

〈How to upload a letter of recommendation〉

To recommenders:

Regarding the Writing of the Recommendation

This is ESEP-G office from School of Engineering at the University of Tokyo in Japan. We would appreciate your cooperation in this matter. Please refer to the following when writing your letter.

You may use the suggested format attached, called "Letter of Recommendation", but you are also free to use your own format.

If you do not use the suggested format, please start with your university's or other professional letterhead and end with your signature, and please attempt to digitally sign the letter, if you can. We won't accept any letters that do not include either a letterhead or a signature.

When the applicant registers your name on T-cens SP, you will receive the following message from our system.

So please set your E-mail account so that you can receive an E-mail from the domain "@t-cens.iapply.t.u-tokyo.ac.jp " to avoid the request E-mail going to your junk mail folder.

-----Sample E-mail from System-----

Dear Mr. Referee
